Project Title (if any)	
Reporting Manager	Mr. Pradip Kumbhakar (General Manager)
Contact No. of Reporting Manager	+91 9505681005
Email id of Reporting Manager	hindupursteelhup@gmail.com
Training Objective & Expected Deliverables	To gain practical exposure to financial documentation, purchase and sales analysis, inventory coordination, and cost management activities in the steel manufacturing industry through hands-on training at Hindupur Steels. The training focused on maintaining invoice and transaction records in Excel and Tally, analyzing purchase and sales data of TMT bars and raw materials, observing operational expenses such as labour and electricity costs, and preparing profitability and business analysis reports for better understanding of pricing trends and overall business operations.

Status Update

Work done since Last two weeks & Current status	Week 5: In the fifth week, I worked on preparing and organizing financial documents related to daily business transactions at Hindupur Steels. I assisted in checking purchase bills, maintaining invoice records, and updating transaction details in Excel and Tally software. This experience improved my knowledge of financial documentation, inventory coordination, and systematic record maintenance in this type of industrial organization. Week -6 During sixth week at Hindupur Steels, purchase and sales data of TMT bars and raw materials were collected and analyzed. The study included material-wise purchase analysis, sales quantity and value analysis, and operational cost observation involving electricity and labour expenses. Excel-based reports and profitability analysis were prepared to understand pricing trends, cost structure, and overall business operations in the steel manufacturing process.
